Cabrini Clinic serves a diverse population of uninsured and unders insured adults. Many are the working poor in jobs that pay minimum wages with no benefits. The most common diagnoses are diabetes, hypertension and depression: chronic diseases that require monitoring and medications, which the Clinic's patients cannot afford.

Your gift and presence at the *Gathering of Friends* enables the staff & volunteers at Cabrini Clinic to continue the long standing tradition of compassionate care, serving one person at a time, helping them to live health, productive lives.

Helping one person may not change the whole world,
but it may change the whole world for
one person.

CABRINI CLINIC

Welcome to the 18th annual GATHERING OF FRIENDS.

We are thankful, grateful and blessed, by your presence and support of the ministry of Cabrini Clinic.

Cabrini Clinic serves a diverse population of uninsured and underinsured adults. Many are the working poor in jobs that pay minimum wages with no benefits. The most common diagnoses are diabetes, hypertension and depression: chronic diseases that require monitoring and medications, which the Clinic's patients simply cannot afford.

Your gift and presence tonight are making difference for the people that we serve. You enable the staff & volunteers at Cabrini Clinic to continue the long standing tradition of compassionate care, serving one person at a time, helping them to live healthy, productive lives.

Thank you for your continued support of this vital ministry.

Sincerely,

KEYNOTE SPEAKER

MICHAEL A. SLUBOWSKI

Mike Slubowski, president and chief executive officer, Trinity Health provides executive leadership to the 22-state, 92-hospital Catholic health system, serves on the Trinity Health Board of Directors, and has full accountability for the overall achievement, advancement, and success of the system. Immediately prior to this role, Slubowski served as the system's president and chief operations officer, overseeing all system operations, and focusing on ensuring that people, processes, IT systems and resources were in place to achieve successful operations.

Slubowski's more than 40 years as a health care executive include tenures as president and CEO of Sisters of Charity of Leavenworth Health System, as president, Health Networks, for Trinity Health before its 2013 merger with Catholic Health East, and in executive leadership positions at health systems including Henry Ford Health System in Detroit, Michigan; Samaritan Health Services in Phoenix, Arizona; and Providence Hospital in Southfield, Michigan. Slubowski holds a bachelor's degree in business administration and a master's degree in business administration from Wayne State University in Detroit, Michigan. He completed advanced health care leadership training through an Advanced Leadership Institute conducted by the University of Michigan School of Business and sponsored by the National Center for Healthcare Leadership. He also holds fellowships in the American College of Healthcare Executives and the American College of Medical Practice Executives.
